

3-5 years old

Checklist: Safety at Home

CHILDSAFETYLINK
Here for you.

Attach large televisions and heavy or tall furniture to the wall with safety straps.

Keep blind cords out of reach.

Use window locks or guards.

Keep furniture away from windows.

Turn pot handles in towards the back of the stove. Use the back burners when possible.

Keep hot liquids and appliance cords out of reach.

Check to make sure that the handrail is secure on all staircases.

Stay with your child at all times during bath time.

Use cupboard locks.

Keep all poisons, including medicines, vitamins, tobacco and cleaning products, up high or in a locked cupboard.

Child Safety Link: a program of the IWK Health Centre. Here for you with helpful information to keep your children safe. CSL-2016
