

5-9 years old

Checklist: Safety at Home

CHILDSAFETYLINK
Here for you.

Wait until your child is at least 6 years old before you let them sleep in a bunk bed.

Attach large televisions and heavy or tall furniture to the wall with safety straps.

Keep floors and stairs clean, dry and tidy.

Clean up drips and spills on the floor right away.

Continue adult supervision during bath time.

Keep furniture away from windows.

Turn pot handles in towards the back of the stove. Use the back burners when possible.

Secure shelves and bookcases to the wall. Store heavy objects on lower shelves.

Keep all poisons, including medicines, vitamins, tobacco and cleaning products, up high or in a locked cupboard.

Store all poisonous garage and yard products up high in their original containers.

Child Safety Link: a program of the IWK Health Centre. Here for you with helpful information to keep your children safe. CSL-2016
