

Checklist: Safety at Play

Use teething toys and gentle gum massages instead of teething jewellery.

Send in the warranty card for new baby play equipment.

Place baby seats and play equipment on the floor to prevent falls.

Use baby swings during play time, when your baby is awake.

Check for recalls on baby equipment and toys at: <http://healthycanadians.gc.ca/recall-alert-rappel-avis/index-eng.php>

Choose larger toys without sharp edges, magnets or batteries.

Choose toys that are larger than the opening of a toilet paper roll.

Remove toys from crib before putting your baby down to sleep.

Remove mobiles as soon as your baby can sit or pull him or herself up in the crib.
