

CHANGE THE WAY YOU THINK ABOUT POISON:

CANNABIS FOOD

DID YOU KNOW?

A poison is anything that makes you sick when you eat, breathe or touch it.

Food made with  can be poisonous to children.

Kids can't tell the difference between regular food & food made with cannabis.

THE RISKS

Kids have smaller bodies & can be more affected by cannabis than an adult.

*

How can we help keep kids safe from cannabis?

Clearly label all  food products in your home

Store  food products where children can't reach, or in a lockbox

Keep  food products separate from other food

Clean up any  food waste after use

Keep visitors' bags out of reach of children

Talk to older kids about . See ****** link below.

**

If you know or suspect your child has eaten a cannabis product, call the IWK Regional Poison Centre immediately, 24/7, at

1-800-565-8161 in NS and PEI.

In NB, call 911.
